Brenda Case

BA DO DPO PGCAP

Consultant in Charge (Tuesdays) and Lecturer

I qualified with a Diploma in Osteopathy from the College of Osteopaths in 1994 and set up my own clinic which is still running.

My initial interest in osteopathy came through managing sports injuries and I was fortunate to work at the multidisciplinary Redgrave Clinic 2001-2015.

I joined the Osteopathic Centre for Children in 2001 as a volunteer and after completing the Post Graduate Diploma in Paediatric Osteopathy (DPO) in 2003 I spent another year as a volunteer and then became a tutor.

I have had this role ever since and enjoyed my time in clinic and being part of the development of the DPO course and the skills of postgraduate osteopathic students. Recently I have become a consultant on alternate Tuesdays and look forward to continuing my association with the Osteopathic Centre for Children. I also teach with the Sutherland Cranial College in the UK and Germany.
